Dear John,

Thank you for helping the Staubach Company locate find and install our pre-owned workstations so quickly. With only three weeks before our move-in date for office furniture I was relieved that you were able to quickly locate and email photos of pre-owned inventory for approval. Not only did you procure these workstations within a very short time frame at a great price, but your team also modified the workstations from their original configuration to support our workflow process and team-oriented atmosphere.

The installation team was very courteous, organized, and professional. They patiently made several small changes to the workstations on-site at no additional cost as we changed our minds on the configurations a few times. Your staff exceeded our expectations.

John, you will be the first person I will call for any furniture or facility-related services. Feel free to use my name as a reference with any of your future clients.

Sincerely,

A handwritten signature in black ink, appearing to read 'Becky Jones'.
